Accounting and Distributive Justice challenges the basic assumptions on which the current practice of financial

reporting is based It argues that the objective of financial reporting should be to contribute to the achievement of distributive justice and not the optimal allocation of resources as in the traditional capitalist paradigm It explains in non technical terms the principle philosophical theories of justice and argues that a firm has a moral respons A valuable contribution to the accounting literature David Collison Social and Environmental Accountability Journal An interesting introduction for accounting scholars who want to broaden their perspectives on how rep
