Accounting at War: The Politics of Military Finance (Routledge New Works in Accounting History):

1 of 1 review helpful This book MUST see its way out of the so called ivy tower and into the public realm By Ron Wootengreen Accounting at War is an excellent well written researched ground breaking and extremely important book However no one apparently knows it This book has been on the market for nearly a year as of this writing published in April 2015 Yet until now no one has posted a review at com or anyw Accounting is frequently portrayed as a value free mechanism for allocating resources and ensuring they are employed in the most efficient manner Contrary to this popular opinion the research presented in Accounting at War demonstrates that accounting for military forces is primarily a political practice Throughout history military force has been so pervasive that no community of any degree of complexity has succeeded in Through to About the Author Professor Warwick Funnell is Professor of Accounting and Public Sector Accountability and Head of Accounting and Finance Group at Kent Business School UK Michele Chwastiak is Associate Professor of Accounting at the Anderson
